Dear Harold:

Just a note to acknowledge your letter of the 18th.

I certainly did not mean to imply that the new AARC will contain all of the valuable collections of assassination materials. I was aware that your most valuable collection would go to Wisconsin. However, the more material that we can collect and make available to future scholars in a convenient location is the goal of the AARC.

I shall be looking forward to seeing you some time after Thanksgiving. Meanwhile, please try to keep well and give my warmest regards to Lil.

Sincerely,

Bernard Fensterwald, Jr.
